Subject: AMP Announcements  
To: Mike Gallagher <[mgallagher@apwu.org](mailto:mgallagher@apwu.org)>

I have been told that tomorrow, February 22, 2012, the USPS is scheduled to make announcements concerning their final determinations as to the proposed AMP closures/consolidations. It is our understanding that the Areas and Districts will be informed at 1:00pm for their respective offices. Following that, it is anticipated that the USPS will begin having Standup Talks with employees in those offices which have been previously under consideration beginning on Tour 3 and continuing around the clock until all employees have been notified.

It is my recommendation that Locals be available to observe these Standups so that you are given the same information as your members. Please feel free to contact me with any information you receive, but remember that we do not have any specific information at this time either. We just have the information expressed above.
