Mr. Carney

I would like to personally thank you for speaking to the Postal Service at the public input meeting. It was a pleasure to see Delaware so well represented with you and your constituents all in attendance. Although the Postal Service couldn't provide any numbers to support their decision, I believe they are intentionally overlooking some that may be of interest to all involved. Enclosed please find a letter that I sent to our APWU President Gwen Lane addressing some mileage and fuel issues as well as some environmental concerns. Please share this information with your team.
