Dear Senator Coons,

I would like to personally thank you for coming to speak to the Postal Service about their plans to close the Hares corner facility. It was truly a pleasure listening to you speak concerning the lack of information provided by the USPS. I however have some numbers that they may be overlooking in their veiled attempt to shutter our plant. Enclosed is a letter that I sent to our APWU President Gwen Lane concerning the fuel costs and some environmental factors that they may be intentionally overlooking. Please look it over when time allows and share it with your associates.
